Valve & Injector Cleaner

Lubplus Valve & Injector Cleaner ensures effective cleaning of valves, injector nozzles and the piston crown without dismantling. Removes operationally caused contamination in the entire fuel injection system. Only a clean fuel system guarantees clean and powerful combustion and efficient engine performance! Recommended for all petrol engines, especially in case of cold start problems or bad exhaust valves because of deposits.

Properties

- + Improves engine performance and provides a powerful stable combustion process.
- + Easy application without extra effort.
- + Optimizes the fuel consumption and the exhaust gas emission values.
- + Significantly prolongs the life span of the engine and ensures smooth running.

Application

- + Add every 6 months or if needed before every tank filling to the fuel tank before filling up.
- + Treats 40-60L of petrol. For larger tank volumes add 0,5% of the filling content for every Liter.
- + Works during operation.
