# Valve & Injector Cleaner Diesel

Lubplus Valve & Injector Cleaner Diesel ensures effective cleaning of valves, injector nozzles and the piston crown without dismantling. Removes operationally caused contamination in the entire fuel injection system, pump, injectors and combustion chamber. Only a clean fuel system guarantees clean and powerful combustion and efficient engine performance! Recommended for all diesel engines, especially in case of cold start problems or bad exhaust values because of deposits.

## Properties

- + Improves engine performance and provides a powerful stable combustion process.
- + Easy application without extra effort.
- + Optimizes the fuel consumption and the exhaust gas emission values.
- + Significantly prolongs the life span of the engine and ensures smooth running.

## Application

- + Add every 6 months or if needed before every tank filling to the fuel tank before filling up.
- + Treats 80L of diesel.
- + For premium performance add one can for 50L of diesel.
- + Works during operation.

## Table of properties

Property	Test Method	Unit	Value
Density	DIN 12185	g/cm <sup>3</sup>	0.815
Flash Point °C	ISO 3679	°C	74
Color/Appearance		Light yellow liquid
